DELTA CORPORATION LIMITED

THE FUTURE IS IN OUR BRANDS

COMMENTARY

INTRODUCTION

It is my pleasure to present to you a very pleasing report for the year. Delta's financial performance was underpinned by volume growth across our beverage portfolio, and a deliberate revenue and cost management focus. We continued to renovate our brands and invest in capacity to create a platform for sustained growth.

VOLUMES AND OPERATIONS REPORT

Total beverage volumes grew by 19% over prior year reflecting firm demand across all the beverage categories.

Lager volumes grew by 23 % underpinned by a faster growth of the premium segment and improved product availability. A new beer packaging line, the third since dollarisation is scheduled for commissioning by the summer of 2012, which will afford the business a lot more flexibility in product availability and allow it to maintain its strong position in the increasingly competitive environment.

Sparkling beverages grew by 26% driven by improved product availability following the commissioning of the Graniteside packaging line in August 2011. This growth will be supported by investment in a second PET line to be commissioned in Bulawayo ahead of the festive season. Sorghum beer grew 15% thereby reversing the prior year downward trend. Maheu is up 4% on prior year following the commissioning of a new local production facility in early 2012.

FINANCIAL RESULTS

During the year under review the Group recorded revenue growth of 36% over prior year while operating income grew by 44%. The operating margin improved by 95 basis points arising from increased premium contribution and cost control measures.

Cash generated from operations increased by US\$30 million over prior year to US\$121 million. The increase in working capital to support the business growth was \$11 million. Net debt increased by US\$7 million as the company accessed long term offshore funding of US\$60 million at favourable rates. Capital expenditure for the year amounted to US\$74 million.

DIVIDENT

The Board has recommended a final dividend of US1,25 cents per share to be paid to shareholders on 6 June 2012. This brings the total dividend for the year to US2.08 cents, a 39% increase over prior year.

ENTERPRISE DEVELOPMENT AND COMMUNITY BENEFIT

The bulk of our manufacturing inputs are deliberately sourced locally supporting the recovery of the Zimbabwean economy. We continue to be actively involved in funding agriculture both large commercial and small scale farmers. We remain a significant contributor to the state revenues with a contribution of \$158,5 million in excise and other taxes; an increase of 61% over prior year.

OUR PEOPLE

We have a solid skills base in the business and are grateful for their dedication and loyalty to the Company. We continue to train and develop our people to further deepen skills and leadership capabilities on an on-going basis to meet both the current and future business needs while also striving to meet individuals career advancement needs. We note that at the national level, the mismatch between productivity trends and pressure on wages is of concern.

CORPORATE GOVERNANCE

The Directors are committed to maintaining the highest standards of corporate governance while also providing the leadership, controls and strategic oversight to ensure sustained value delivery to shareholders.

DIRECTORATE

Mr Joe Mutizwa retires from the Company as the Chief Executive and Director on 31 May 2012. He has been the Chief Executive since 2002 and a Director since 1994, having joined the Company in 1983. He was instrumental in consolidating and refocusing the Group to the core beverages business and successfully steered the Company through the difficult years of hyperinflation. He led the business recovery since the dollarisation of the economy in 2009 and leaves the company in a very good position.

Dr Sam Mushiri retired from the Company as a Director at the end of December 2011 having been with the Company since 1980 in various capacities, becoming an Executive Director in April 2002. The Company benefited immensely from his significant contribution over the years, particularly in the areas of beer brewing, technical services and strategic supplies.

On behalf of the Board, I thank both Mr Joe Mutizwa and Dr Sam Mushiri for their outstanding service to the Company.

Mr Pearson Gowero has been appointed as the Chief Executive with effect from 1 June 2012, having joined the Company in 1997. He brings a wealth of experience having held various senior positions within the Company including Managing Director of Chibuku Breweries, Operations Director of Delta Beverages and most recently Chief Operating Officer of Delta Corporation. He also spent five years as the Managing Director of Zambian Breweries — a subsidiary of SABMiller. I wish him all the success in this position.

With effect from 1 April 2012 I welcome two new Executive Directors, Mr Daud Taranhike as Supply Chain Director and Mr Max Karombo as Marketing Director.

FUTURE PROSPECTS

I am confident that the business will continue to deliver value to all stakeholders. The Company remains focused on its strategy of investing for both volume and revenue growth while focusing on cost containment by improving efficiency and engaging value chain partners.

For and on behalf of the Board C.F DUBE

C.F DUBE CHAIRMAN
