Good morning ladies and gentlemen.

It gives me great pleasure to join you today as we officially handover equipment for the physiotherapy department valued at USD\$50,000 to Sally Mugabe Hospital, our partner, who will use it to make a difference in our community. This equipment will help improve mobility to patients referred to the physiotherapy department.

The project is in line with our focused sustainability platform to give access to a healthier world in the communities where we operate in.

As market leaders we have a responsibility to make a meaningful difference - to empower and protect the communities and the environment in which we operate.

We look forward to a successful use of the equipment and hearing powerful the impact stories as a result.

As I conclude I would like to thank Sally Mugabe Hospital for partnering with us to implement this noble initiative in Zimbabwe as we look forward to a robust partnership with you. I would also like to appreciate my colleagues from our health department within Delta for their support in this project and event.
