SORGHUM BUSINESS

## Food Safety Policy Statement

As the leading manufacturer, distributor and marketer of Sorghum Beer in Zimbabwe, Delta Beverages, Sorghum Beer Business is committed to the continual improvement of its products and services by ensuring stringent Food Safety Standards.

To achieve this goal, a Food Safety Management System based on ISO 22000:2018 and ISO/TS 22002 - 1 :2009 shall be developed, documented, implemented, and maintained to ensure that we always:

- Identify all possible food safety hazards, and effectively apply HACCP principles with the aim to prevent and reduce occurrence.
- Operate under stringent hygiene conditions to meet the highest standards of food safety.
- Comply and Conform to all applicable statutory and regulatory requirements and mutually agreed customer requirements related to food safety.
- Communicate all relevant food safety management system information to all internal and external interested parties.
- Guarantee personnel competency and capability in food safety by developing and implementing effective training programs.
- Attend to customer complaints through incident handling procedures, aiming to prevent and reduce occurrence, thus meeting the highest level of food safety.
- Establish and strengthen partnerships with suppliers to ensure that materials, equipment, and services of the required standards are procured.
- Continually improve the food safety management system by auditing and reviewing the system and implementing corrective actions.
- Set specific, measurable, attainable, relevant and time bound food safety objectives
- Implement effective food defense protection measures in our processes

All Delta employees have an obligation to assume total responsibility for ensuring continual improvement of the Food Safety Management System.
